American School Counselor Association Announces 2025 RAMP Schools

ALEXANDRIA, VA. – This year, 190 schools in 29 states received the Recognized ASCA Model Program (RAMP) designation. These schools will be honored during a special ceremony at the ASCA Annual Conference in Long Beach, Calif., in July for making an exemplary commitment to their school counseling programs.

The RAMP award, celebrating its 21st year, recognizes schools committed to delivering a comprehensive, data-informed school counseling program and a top-notch educational environment. Since its inception, more than 1,600 schools have been designated as RAMP recipients.

RAMP schools are now in 47 states across the country. The RAMP designation is valid for five years. To maintain RAMP status, this year's RAMP recipients must submit a successful application by Oct. 15, 2029, to maintain their RAMP status. This year 37 schools earned Re-RAMP status.

"This year's RAMP honorees have shown their commitment to students and the school counseling profession," said Jill Cook, ASCA executive director. "These schools used data to inform their program development and implementation so all students can achieve success. RAMP designation distinguishes these schools and encourages school counselors nationwide to strive for excellence."
